

MY DREAM SERIES

IRL'rs is a wierd concept of a series I came up with and while my main sona "Mark" is starring in this show I have no idea how to make it happen
The lore of this series has been worked upon

The Story?

While parts of the story are not clear at the moment, this series is supposed to be starring Mark, his friend who is a stone and the other friends which all seem to have unnatural abilities

Mark, the main character, finds a wierd orb that grants him a power so grand, he can replicate cartoonish abilities which not even he understands. This confuses him and others in everyday life and he has to learn to live with his power, if wanted or not.

The FBI which investigated the School previously were still searching for this orb and Mark being the nearest target makes a wierd relationship between them and him. A 14 year old teenager with problems of self finding and the power of whatever creates havoc eighter because he thinks its funny, or because he cant do anything better

I mean as I said, this isnt finished at all but I wanted to make this little news piss so i can shit it out later when im ready to fuck some hoes

Thank you teenage slang
